EDUCATION

Bachelor of Computer Applications

Gujranwala Guru Nanak Institute of Management and Technology

07/2021 - 05/2024

Master of Computer Applications

Vellore Institute of Technology

07/2024 - Present

PERSONAL PROJECTS

Library Management System

- Developed a web-based Library Management System to automate book management, borrowing, and user tracking. Implemented PHP and MySQL for secure database management, enabling efficient CRUD operations. Integrated user authentication and role-based access control (RBAC) to ensure secure access and management.

Book-Doctor-Appointment Online.

- Tech Stack:** HTML, CSS, JavaScript, PHP, MySQL Developed a full-stack web application that enables patients to book medical appointments with doctors online.
- Developed a web-based doctor appointment booking system with user registration, doctor listings, appointment scheduling, and real-time slot availability. The platform features role-based access for patients, doctors, and administrators. It includes secure user authentication, a responsive frontend using HTML, CSS, and JavaScript, and a backend powered by PHP and MySQL. The system improves user experience through an intuitive scheduling interface and efficient slot management.

Tic Tac Toe

- Developed a Tic-Tac-Toe game in C++ with three gameplay modes: Player vs. Player, Player vs. Computer, and Evil AI vs. Player. Implemented an AI-driven opponent with an unbeatable algorithm that dynamically adapts to block all winning possibilities.

Number Shifting Puzzle Game (4x4 Matrix)

- Tech Stack:** C (Console-based)
- Developed a logic-based console game in C where players shift numbers within a 4x4 grid to arrange them in order from 1 to 15. The game mimics the classic sliding puzzle and helps improve logical reasoning and matrix manipulation skills.

SKILLS

C language

C++

Java

HTML

CSS

Java-script

Php

Mysql

Python

react

STL

Problem Solving

Node js

Git and Github

Typescript

ACHIEVEMENTS

Completed the 100 Days of Code Challenge on GeeksforGeeks with consistent daily progress.

Solved 400+ Data Structures & Algorithms problems on GeeksforGeeks, strengthening core problem-solving skills.

<https://www.geeksforgeeks.org/user/abhayrajym3c/>

Successfully completed certified training programs in C, C++, Java, and DSA from MySirG and iNeuron

ORGANIZATIONS

Active Member, GeeksforGeeks Programming Community

Solved 400+ DSA problems and completed the 100 Days of Code Challenge

<https://www.geeksforgeeks.org/user/abhayrajym3c/>

CERTIFICATES

SQL Certificate || Hacker-rank

Java-Certificate || MYSirG

C++ Data Structures and Algorithms (DSA) and IoT courses | iNeuron
